“ My Aunt Glenda was my Mom’s baby sister by eight years. She was 13 when I was born and naturally became a doting aunt right away. My sister Robin and I could always count on her love and support. She was there for every major event in our lives. She not only sent birthday cards, she called us too. She has continued that even as we became adults and had families. She has loved our own children and always asks how they are. One of my fondest memories was when we got to spend a week at the farm with her when she was college age. She made it seem like fun...even when we had to get up at 5 am after staying up late to watch TV. She took us out to meet her friends at the drive in local food hang out. How COOL we thought she was! She will Be missed so much!

“ I like the picture of Glenda! That is how I remember her - that genuine and infectious smile! But as nice as the smile - she was just as determined to do things right and to do right by other people. Glenda helped me immeasurably in my formative career at Ciba Geigy and as well she taught me a lot - both professionally but also about things in our lives that we also need to pay attention to. Although I have not seen Glenda in several years - she still stands strong in my memory! A true testament to the impact she had on my life and many others around her. Wendy - I am sure you are proud!

“ Glenda was an amazing co-worker and a great friend. As I came to Ciba she taught me the business and showed me what a true professional was. She had a great ear for listening and cared much for all of those around her. She is missed.

“ For me, Glenda and Ciba (particularly the Dyestuffs & Chemicals Division) were almost synonymous. She was a consummate professional, a dedicated employee, a go-to co-worker, and a very good friend. I don't like thinking about the hole that is left by her passing, but I hope that my memories and those of her family will keep her alive for all of us as we continue our journeys. Glenda was a special lady - a tough, caring, intense, funny, stubborn, humble, get-it-done individual who loved her family! I have so many wonderful memories - and a few she and I agreed to forget - that will keep her close. In the days ahead, may those memories bring a few tears, lots of joy,

and a world of warmth to all of us who loved Glenda.

My heartfelt sympathy to Wendy, Mickey and the family!
