“ My most precious childhood memories include Uncle Lucius, Aunt Billie and my cousins Sandy and Steve. This man was the most genuine, kind hearted, good natured person who always made you feel important and special. Not once did I ever hear him say anything negative or less than kind about anyone. When they came to town to visit, not only did the younger of us get away with more while the adults visited, we also knew our evenings would be rich with music and great stories. As I grew older, I cherished he and Aunt Billie more as I recognized what amazing people they were. Sadly, I didn't get enough time with him, but the time I did get shaped my idea of what an uncle should be. Loving, attentive and caring. Steve and Sandy- I am so sorry for your loss. I love you both.
